& INVESTMENT

PROGRAMS

PARTNERSHIP &  
COLLECTIVE  
IMPACT

- 
1. Launched two new high school programs
  2. Completed a county-wide vegetation map and forest resiliency strategy
  3. Documented and shared best practices toward collective impact; now a national model
  4. Ready to break ground at Roy's Redwoods
  5. Established a mountain wide response to invasive species; now a statewide model
  6. Developed a method for measuring and tracking the health of the mountain
  7. Engaged community in mountain wide scientific inventories and studies

# ONE TAM RENEWAL

- MOU 2024 – 2034  
*Executive Committee*
- Strategic Plan 2024 – 2028  
*Steering Committee*
- Work Plan 2024 – 2025  
*Working Groups*

# MOU & STRATEGIC PLAN RENEWAL

Phase I  
BIG QUESTIONS  
Jan – March 2023

Phase II  
SHAPING CHOICES  
April – June 2023

Phase III  
MAKING DECISIONS  
July – Sept 2023

## MOU & STRATEGIC PLAN HIGHLIGHTS

- Maintain a focus on the mountain, while also working at the county scale when appropriate
- Focus on work best accomplished in partnership, deepen impact with more focused portfolio
- Continue to diversify and strengthen philanthropic approach
- Ensure effective governance
- Foster emerging partnerships with Point Reyes National Seashore and the Federated Indians of Gratan Rancheria

## One Tam's Partnership with Marin Water

- Early Detection Rapid Responses Program for Invasive Plant Management
- Watershed Ambassadors and Tam Van Outreach
  - Foothill Yellow-Legged frog docent support
  - Forest Restoration Outreach
- One Tam Forest Health Strategy
  - Coastal Conservancy Grant
  - Cal Fire Forest Health Grant
  - Wildlife Conservation Board Grant
- Outreach through Azalea Hill Trail and forest restoration signage
  - Lake Lagunitas self-guided tour
- Peak Health Report Update
- Staff convening amongst agencies managing Mt. Tam
- Collaborative stewardship of Mt. Tam
